**AR-NE-SIS CONQUERS RHEUMATISM**

Miss Horton gives her experience with Var-ne-sis:

"It means a new life to me to be able to get out and enjoy life," says Miss Gladys Horton of 15 Abbott Street, Lynn, Mass. "I have had rheumatism since I was four years old, and it is a nervous experience for me to have the full use of my joints and be free from pain. I have been so helpless that I had to be wheeled in a small carriage, lifted bodily from place to place, could not feed myself, I tried many different treatments but they failed to help me. Finally friends persuaded me to try Var-ne-sis. Am glad I did, for today I am entirely free from rheumatism and haven't an ache or a pain."

Miss Lizzie Watts, ex-president of the Outlook Club, said: "Miss Horton was pronounced incurable. The first time I saw her after she began taking Var-ne-sis—what a change! A well, merry, hearty girl."

**BEFORE SCHOOL BOARD WITH NEW HEALTH PLAN**

When the school board held its monthly meeting Tuesday night in Sept. E. J. O'Grady's room in the town hall building, Rev. J. H. Seiden appeared before them with a plan for a change in the system of health inspection in the schools which would turn the work over more completely to the health department of the city.

The school board gave him a hearing for about two hours and took the matter under consideration. It is to be brought up before the town meeting by Rev. Mr. Seiden.

Superintendent Graham announced the appointment of a new teacher at the Taftville school, who is Miss Adelaide Hallen of this city. She is to teach the seventh grade, taking the place of Miss Mary Carty, who has been transferred to Broad street.

The latter part of the meeting was occupied by the board in work on the budget, which has been completed when the meeting adjourned.

**SHOOKER GETS BUSY FOR CAMPAIGN**

Think, feel and live for Norwich, because Norwich is you, said David C. Shooker, former assistant secretary of the chamber of commerce, Minneapolis, in an address before an audience of 175 at the smoker held Tuesday evening at the Thayer building under the auspices of the chamber of commerce, Minneapolis. The American City Bureau which has come to Norwich to reorganize the local chamber.

The evening's programme was opened with a "sing" led by Edwin Hill, general secretary of the local Young Men's Christian Association. Keep the Home Fires Burning, Smiles, Tell Me Again and one or two other selections were sung with a will to the accompaniment of piano and then Charles F. Wells, president of the chamber of commerce, took charge of the meeting as chairman.

Mr. Shooker made each variety of decision, after careful consideration to bring the American City Bureau to Norwich for the purpose of reorganizing the chamber of commerce. Mr. Wells, Mr. Shooker, he said, is that they are going to give Norwich a chamber of commerce that Norwich will be proud of.

**Explains the Campaign.**

Chairman Wells then introduced as the first speaker of the evening, Robert A. Crosby of the American City Bureau, who is manager for the local campaign.

Mr. Crosby made each variety of decision, after careful consideration to bring the American City Bureau to Norwich for the purpose of reorganizing the chamber of commerce. Mr. Wells, Mr. Shooker, he said, is that they are going to give Norwich a chamber of commerce that Norwich will be proud of.

At a meeting held in this city Tuesday afternoon a reorganization of the Beck & Hill Co., of Waterbury, Conn., was effected and Charles F. Wells was elected president with David H. Dixon vice president, succeeding Arthur G. Beck and William F. Hill.

The new officers will keep the business of the company going and see to it that the company is in the line of manufacture of the "rock and roll" and other toys.

**OSGOOD FIELDING TRANSFERRED FROM WYOMING TO NEW YORK**

A copy of The Knickerbocker, published every Saturday aboard the U. S. S. New York, and dated at San Francisco, Aug. 14, has been received in Norwich. One paragraph is of local interest, since the young sailor referred to is Osgood Fielding, son of Mr. and Mrs. Samuel M. Fielding of Baltic street.

The athletic managers on the New York stand first in the range of practice this year with a percentage of 49.75, leading the other fourteen craft of the Pacific fleet.

The athletic team of the ship is getting ready for the fleet boxing tournament, when the Atlantic and Pacific squadrons meet at Panama in January. About now, the Pacific fleet is at Honolulu.

The paragraph of Norwich interest reads:

Football prospects brightened up even more than they already were when Fielding, the big Indian, reported aboard for duty on the New York last Thursday and turned out for practice with the squad Friday. Fielding is a bearded—there is no better running back

**Who Is Going to Run the Chamber of Commerce?**

—BY THE CHAMBER OF COMMERCE CAMPAIGN COMMITTEE

Answering the third of a series of five questions most often asked during a campaign.

Who is going to run the Norwich Chamber of Commerce?

The members are going to run it. In the modern civic-commercial organization, which is what Norwich is going to have at the end of the campaign, every member is on an equal footing. Each pays the same dues, each has the right to elect and to be elected to office, each has as loud a voice as any other in the making of the program of work and each will be called upon to execute it.

Under the old plan, nominations were made by committees, committees were named by the president alone or in consultation with the secretary, and quite often the program of work, if there was one, was built by one or two individuals. Naturally this system led to "one man" control by a few individuals. The member who felt that he was one of the obscure majority was too indifferent to come out of the background and preside over the show.

The expanded Norwich Chamber of Commerce will be conducted along the new plan—again the boiled-down result of dozens of experiments—of insisting that the members, all the members, shall elect the officers, shall elect the directors and what plans shall compose the platform or program of work.

It is a fundamental principle of the expansion campaign that the full membership shall direct the thought and life of the organization.

When the election of the new directors and officers and last is to bring to a close, the election machinery is of the simplest character. Each member will be provided with a ballot, bearing the name of every member on the roster. A complete printed list of the membership will be a part of the ballot.

The men elected to the board of directors will be the ones receiving the largest number of votes, cast secretly and

Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed—even if you have never dyed before. Druggist has color card.

In the navy, he was the mainstay of the Wyoming team last year and the coming season's playing with a strong aggregation to support him ought to prove his right to the name "star." We're mighty glad to see him in the New York jersey.

Fielding is of Mohegan Indian descent and on the Wyoming and other craft was affectionately referred to by his mates as "Big Chief."

**FOUND GAS LEAK WITH MATCH; FIRE FOLLOWED**

Leaky gas after employees of the city gas department had been at work blowing out the pipes at the City Lunch, 14 Broad street, furnished the material for an explosion and fire in the kitchen there Tuesday night just after 6 o'clock.

Home Fraser, one of the proprietors, furnished the flame when he dashed a lighted match around the gas range where he thought the leak was, but the leak actually came from joints in the pipes under the floor where there was a body of escaping gas that ignited. The flames had to chop up a small portion of the floor to get at the source, but the damage was slight, although the trouble caused great inconvenience to the restaurant.

According to Mr. Fraser and Jerry Reavenell, proprietors of the restaurant, they had had men from the city gas department working there during the day, and after the workmen left the odor of gas was very strong. John White, a dishwasher in the kitchen, was so affected by it that he had to give up work and go home.

The restaurant men consider it is very fortunate that their kitchen had good overhead ventilation, which probably saved them from such a serious explosion as would have resulted if the gas had accumulated in a small, poorly ventilated room.

**ROBBERS TIE UP WOMAN IN NEW LONDON BUILDING**

Mrs. Frank Silva, caretaker at the Brainerd and Armstrong club house at the corner of Union and Federal streets, New London, was bound, gagged and slashed in the throat by two unknown men at 10:30 Tuesday morning at the club house.

The robbers escaped, but were subsequently in an automobile with about \$500 of the Silva family's money. About \$500 worth of silver which they had pilfered from the Brainerd and Armstrong club house was also taken.

Mrs. Silva gave the alarm by telephoning to the Brainerd and Armstrong club house when she was able to work free from her bonds. The police learned that a small roadster had been seen standing in a street near the building and believe that the robbers escaped in this way.

**JACK JOHNSON GETS ONE YEAR IN PRISON**

Chicago, Sept. 14—Jack Johnson, former world heavyweight champion, was sentenced to one year and a day in Leavenworth penitentiary and fined \$1,000 today by Federal Judge George A. Carter for violation of the Mann act.

The sentence reaffirmed that passed on Johnson in 1915, when he was convicted of transporting a white girl from Pittsburgh to Chicago for immoral purposes. Johnson later fled to Europe, forfeiting his title and then returned to the United States a few weeks ago, when he surrendered on the Lower California border. He was a fugitive from justice.

Johnson's first wife committed suicide in 1913 and he later married Lucille Cameron, the principal white witness for the state.

Since his return to Illinois Johnson has been boxing daily in his jail cell, in anticipation of his being released and permitted to take up fighting again.

**Simple Way To End Dandruff**

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every particle of dandruff. It is no matter how much dandruff you may have. You will find, too, that itching and digging of the scalp will stop instantly and your hair will be fluffier, lustrous, glossy, silky and soft, and look a hundred times better.
